## How to Use Graded Readers

Scott Miles

Interest in using graded readers in the classroom is growing as more and more language scholars and educators realize the benefits of extensive reading (reading a large amount of material at an easy level so that what is read can be comprehended without the use of a dictionary). Graded readers are ideal for this purpose as they are carefully designed to match the levels of beginning to high intermediate students.

One way for teachers to bring graded readers into the classroom is to select one graded reader that all of the students will read. This makes it easy for teachers to create activities and discussions based on the reading in which all students can participate. The downside of this approach is that students are not able to select books according to their own level and interest, but with careful selection by the teacher this approach can still work well.

Another popular way to bring graded readers into the classroom is to have students select their own graded reader. This approach allows students to find a book which matches their specific levels and interests. In class students can introduce and recommend their books to their peers.

For extensive reading purposes, successful reading comes from simply understanding and enjoying the reading and thus scholars generally disapprove of difficult comprehension tests and time-consuming book reports as a means of assessment. Teachers generally still need to check whether or not the students have read, however. An assessment method commonly recommended by scholars is to elicit the students' reactions to the books, either by conducting an informal interview or through a short reaction report. Students can discuss the following kinds of topics:

- What they liked about the story and what puzzled them
- Characters they identify with or dislike
- How they might change the story if they were the author
- What they would do if they were the main character in the story
- Relate the story to any personal experiences they have

## グレイディッド・リーダーズの使い方

スコット・マイルズ

グレイディッド・リーダーズを授業で採用するケースが増えています。言語学者や教育者の間で、多読の効用が認知されてきたからです（多読とは、やさしいレベルの素材を数多く読むことで辞書を使わなくても意味が理解できるようになる読書法です）。グレイディッド・リーダーズは多読に最も適していると言えます。初級から中・上級の生徒まで、学力に応じた綿密な設計がなされているからです。

教師がグレイディッド・リーダーズを導入するひとつの方法として、生徒全員に共通の1冊を読ませることが挙げられます。この方法では、教師が容易にアクティビティを作成することや生徒全員をディスカッションに参加させることができるからです。この方法の欠点は、生徒が自分のレベルや嗜好に合った本を選ぶことができないということです。ただし、教師が慎重に本を選択することで、このアプローチも十分有効活用できます。

グレイディッド・リーダーズを導入するもうひとつの一般的な方法は、生徒自身に本を選ばせることです。こうすることで、生徒自身が自分のレベルや嗜好に合った本を見つけることができます。また授業中に仲間にも本を紹介したり薦めたりすることも可能です。

多読教育の目的は、ストーリーの概要理解と読書の楽しみを培うことです。したがって昨今では多くの言語学者が、成績評価の方法として、難解な理解度確認テストや時間の掛かる読書感想文に対して否定的な見解を出し始めました。しかし、教師は生徒が読んだかどうかのチェックがする必要があります。最近多くの学者が進める理解度確認の方法は、個別に問い掛けたり短い感想文を書かせたりすることで、本に対する生徒たちの反応を引き出す方法です。生徒たちは、以下のようなトピックについて話し合いをするとよいでしょう。

- ストーリーのどこが面白かったか、どこがつまらなかったか
- 好きな登場人物、嫌いな登場人物
- もし自分がこの本の作家だったら、ストーリーをどんなふう書き換えるか
- もし自分がこのストーリーの主人公だったら、どうするか
- ストーリーと似たような経験をしたことがあるか

多読の効用に対する詳細や授業でグレイディッド・リーダーズを導入する方法についてさらに知りたい方は下記をご参照ください。

AUTHOR DATA SHEET	Macmillan Guided Readers
<b>Thomas Hardy</b>	
The author and his work	
 <p><b>Thomas Hardy</b>, the English novelist and poet, was born on 2nd June 1895, in the small village of Higher Bockington. The village is in the county of Dorset, in the southwest of England. The Hardy family was poor, but Thomas's parents were interesting and intelligent people. Thomas's father was a builder and stone-mason – he cut and shaped pieces of stone for building. And he was a good musician. Thomas's mother, however, had been a servant before her marriage, but she loved reading and she owned many books. Thomas was the first child, but later he had a brother and two sisters. The Hardy and Hardy families had lived in the Higher Bockington area for a very long time, so Thomas grew up with many close relatives nearby, and he knew them all well.</p> <p>Although Thomas's parents were ordinary working people and they didn't have much money, they wanted their children to be well educated. Thomas's father taught his son to play the violin and his mother told Thomas many strange stories about the people of Dorset. Thomas's first school was in Higher Bockington, but in 1818 he was sent to school in Dorchester, the nearest town. This school was a good one and Thomas learnt about many</p>	<p>subjects, including Latin and Mathematics. He read so many books as he could, and he became very interested in History.</p> <p>When he was sixteen, Thomas left school and started to work for an architect – a man who designed new buildings and planned ways to repair old ones. Thomas loved drawing and he did it well. In 1862, Thomas moved to London. He got a job in the office of a famous architect called Arthur Rhoadfield. Rhoadfield's office was full of interesting and well-educated young men, and Hardy enjoyed the time that he spent there. He often went to the theatre and to art exhibitions, and he went on reading as much as he could. Soon he began to write poetry, although none of it was published at this time.</p> <p>In 1867, Thomas decided to return to Dorchester. He still worked as an architect's assistant, but by now he knew that he wanted to be a writer. He wrote a novel, but he could not get it published. This did not stop Thomas writing, and soon he was working on a second novel.</p> <p>In 1870, Thomas was sent to the village of St Juliot in north Cornwall, in the far west of England. The old church in the village was in very bad condition. Thomas's job was to make drawings of it and find out if the church could be repaired or rebuilt. This visit to Cornwall changed Thomas's life completely, because he fell in love there. The lady he fell in love with was the sister-in-law of the clergyman at the church. Her name was Emma Lewin Gifford, and she had fair hair and blue eyes. Thomas had often been in love with pretty women, though never for very long. But Emma was different from anybody he had known before. She, too, loved poetry and novels, and she also wanted to be a writer.</p> <p><b>Hardy the novelist</b> Emma encouraged Thomas to go on writing novels, and in 1871 one of them was published. It was called <i>Dorsetshire Rhapsody</i>. It was not very popular and Thomas didn't earn much money from it. But his next book, <i>Under the Greenwood Tree</i>, was more successful. It is a story about working people in Dorset at the time of Thomas's own father and grandfather. It is unusual</p>
